

## PROFILE SUMMARY

Web Developer with experience in building responsive, secure, and innovative full stack websites using Next.js and NodeJS and Python. Skilled in UI/UX design with Figma . Passionate about creating efficient, user-friendly digital solutions. Experienced in building AI-powered applications, including projects using Retrieval-Augmented Generation (RAG) for intelligent, context-aware chatbot interactions, and ML models.

## ACADEMIC QUALIFICATION

- Bachelor of Technology – Computer Science and Engineering (Mar Athanasius College Of Engineering)  
CGPA 8.19 out of 10 | July, 2026
- Senior Secondary (Class 12) - ISC, Alappuzha  
Percentage 98% | March, 2022
- Secondary Education (Class 10) - ICSE, Alappuzha  
Percentage 94% | March 2020

## PROJECTS

- Girlathon Event Website | February 2024**  
Objective : Full stack website for event registration  
Tech stack used React Js, Next Js, AWS
- Migo | June 2025**  
Objective : AI powered based personal assistant  
Tech stack used Flutter, Python Fast API , Vector DB
- AI dispatcher | September 2025**  
Objective : Reinforcement learning model to optimize the path for package delivery  
Tech stack used Python, Tensorflow, Google APIs

## CORE COMPETENCIES

- Technical : Next.js, Node JS, Flask, Fast API, REST APIs, Figma, Server hosting
- Soft Skills : Leadership, Team Collaboration, Mentoring , Task delegation, Communication.

## INTERNSHIP

- Web Development Intern, **Trizwit Labs**, Remote | **April – September 2024**  
Worked on a blockchain-based certificate platform, adding features and fixing bugs using Next JS, Node JS
- Project Intern, **Octaunitech**, Remote | **February – Jun 2025**  
Collaborated on an AI chatbot using web crawling and RAG, handling full stack development using React, Python

## WEBINAR & EVENTS

- Backend Web Development workshop, **November 2022**
- Hyperloop introduction by IIT Madras and ASME MACE | **January 2023**

## WORKSHOPS & COMPETITIONS

- Backend Web Development workshop, **November 2022**
- Conquerer Hackathon – **IHRD Tharang | February 2023**
- Business Pitching – **IEDC CHRIST COLLEGE | February 2024**
- Code ReCET Hackathon – **CET | March 2024**
- Hackify Hackathon – **IEDC MACE | March 2025**

## CERTIFICATIONS & COURSES

- Joy Of Computing Using Python | **APRIL 2023**

## AREA OF INTEREST

- Full Stack Development UI/UX Design AI-Powered Applications

## POSITION OF RESPONSIBILITY:

- Co lead, **Developer Student Clubs | November 2024**  
Led and mentored a team of developers on various projects mainly on web.
- Volunteer Secretary , **National Service Scheme | August 2024**  
Coordinated community events, leadership development, and social service activities.

## COMMUNITY WORK

- Actively contributed to college and community initiatives under NSS as volunteer and volunteer secretary

## ACHIEVEMENTS

- I have won a business pitching competition ,
- As Volunteer secretary of NSS MACE I have received awards for organizing multiple blood donation camps

## HOBBIES

UI/UX Designing • Basketball • Exploring new tech
